Dear Florence:

I wonder whether you have come to a decision concerning the research assistantship of Mr. Kato from Berkeley. I have more material on him which I could send you if you wish. He seems to be a good bet. He is anxious to get admission to the Graduate School, but I am hesitant unless he has lined up a job. Otherwise there will be the constant problem of supporting him.

I am leaving for the Growth Conference and following that two weeks of vacation in Woods Hole. I shall be back after July 6. I hope to hear from you before that.

Dick Bovbjerg has accepted the job at Iowa, and Owen Sexton from Michigan will come in as a Teaching Fellow. Bill Blight has landed a nice job at Franklin and Marshall.

So far we have had magnificent cool weather, and it is really the wrong moment to leave.

I hope you have a good trip.

All good wishes,
