Dear Professor Trinkaus,

In your letter you suggested that I might write to you in November to see if there was room for me to work in your laboratory in October 1970.

I hope this is not still too early for the situation to have been clarified.

I have applied or am applying for several fellowships but I will not know until next Spring if I have been successful in obtaining one.

I hope you will be able to give me a definite answer, at this time, as to whether I can come and work with you as a post-doctoral fellow, always assuming I obtain financial support.

Yours sincerely,

*Cheryl Tickle.*
